

GRAND CIRCUIT HAS RE-ORGANIZED CLASS

1920 Season Is Expected To
Eclipse Any Previous
Racing Year

SYRACUSE, N. Y., Jan. 14.—The stewards of the Grand Circuit adopted a schedule of racing dates yesterday and granted Toledo's request for two weeks of racing.

The dates adopted were: North Randall, Cleveland, O. July 5-10; Toledo, O. July 12-17; Kalamazoo, Mich. July 19-24; Columbus, O. July 26-31; Toledo, O. August 2-7; North Randall, Cleveland, August 9-14; Philadelphia, August 16-21; Poughkeepsie, August 23-28; Reading, Mass. August 30-September 4; Hartford, Conn. September 6-11; Syracuse, September 13-18; Columbus, September 20-October 2; Lexington, Ky., October 4-16; Atlanta, October 18-23.

The stewards' officials recognized the new trotting association which was formed last night in the modification of rules which will permit associations within the circuit to race under rules of any parent association. With the N. T. A. and the A. T. A. regulations now in force, the rules of the new association would make three, either of which may be accepted by the racing associations.

All officers of the Grand Circuit were re-elected. They are: H. K. Devereux, Cleveland, president; E. W. Swisher, Columbus, vice president; and W. H. Kinnant, Cleveland, secretary-treasurer.

The stewards recommended that President Devereux accept the invitation of Joseph J. Mooney of Toledo, and hold the 1921 session at Toledo.

In connection with the session of the stewards, the Turf Writers of America, an organization of newspapermen who specialize in the writing of race news was formed with the following officers:

T. E. Gahagan, Detroit, president; Fred Beachey, Boston, vice president; and Ken Scott, Cleveland, secretary-treasurer.

WORK TO BEGIN SOON

ON PINGREE-IDAHO
SUGAR FACTORY

(Special to The Standard)

PRESTON, Jan. 14.—From letters which have been received, work on the Pingree-Idaho sugar factory will commence within a short time, or just as soon as weather conditions warrant.

The dismantling of the Corcoran, Cal. factory, has now commenced, and Messrs. Pingree, Nickerson and others will be in Preston soon to close the arrangements.

Arrangements have already been made with the Peery Bros. Milling company for the storage of the best seed which will soon be shipped. The steel for the new factory has been ordered, and plans have been completed. Blue prints of the front elevation of the factory can be seen in the window of the First National bank building.

P. Kinyon, the structural steel man, will soon be here to undertake the work of erection.

It is understood when the directors arrive in Preston that arrangements will be concluded with local people in the matter of excavation, gravel hauling and timber work.

The following letter will show what is being done in the matter of completing the plans:

"Gutleben Brothers, General Contractors, New Call Building, San Francisco, January 3, 1920.
"John Greaves, President First National Bank, Preston, Idaho.
"Dear Mr. Greaves, I am mailing you under separate cover a print showing the front elevation of the new Pingree-Idaho sugar factory.

"The plans for the structural steel and foundations are progressing rapidly now and we expect to complete them before the end of this month so that the construction work can commence as soon as the weather will permit.

"Very truly yours,
"DAN GUTLEBEN."

Woodmen of the World

Complimentary entertainment, dance and card party for Woodmen and invited friends, 8 p. m. Thursday, January 15.

COUNTY LEASES POOR FARM

MITCHELL, S. D., Jan. 14.—County commissioners, finding this section so prosperous that there had not been a single dependent at the county poor house for the past six months, today leased the farm for grazing purposes under an agreement that the renter shall care for any dependents who may be sent there.

GOVERNMENT AID FOR ARID STATES URGED

Governor Bamberger Among
Western Men Making Plea
for Reclamation Fund

WASHINGTON, Jan. 14.—Governors of western states and representatives of the Western States Reclamation association conferred today with senators and representatives to urge government aid for reclamation of western arid lands.

Little encouragement was given to the delegation which was told that strict economy was being practiced by congress and that authorization of no new projects or large appropriations other than those absolutely necessary was contemplated.

Among those who urged federal aid were Governors Bamberger, of Utah, Hart of Washington, and Larrazola of New Mexico. Other speakers were D. W. Davis of Idaho, chairman of the reclamation association, T. H. Campbell of Arizona, and former Senator Catron of New Mexico. All urged passage of the bill of Senator Jones, Republican, Washington, which has been reported favorably to the senate proposing appropriation of \$250,000,000 for irrigation projects. It was suggested that if direct appropriations were not favored by congress a bond issue be authorized.

Senator McNary, Republican, Oregon, chairman of the senate irrigation committee, who, with Representative Kincaid, Republican, Nebraska, chairman of the house committee, presided at the conference, told the western delegation that he did not think the Jones bill would pass nor authorize a bond issue.

"I think failure will be our reward," said Senator McNary. "The disposition of congress is against putting any money into new projects. If we get through a bond issue for \$10,000,000 to carry on the irrigation I think we will be fortunate."

Senator Thomas, Democrat, Colorado, said he favored the appropriation for reclamation extension, but doubted if congress would make the appropriation or authorize a bond issue. Reciting the government's financial situation, Senator Thomas said the government would be fortunate if it could get through the present year without another popular loan.

Special meeting Unity lodge No. 18, Wednesday, 7 p. m. Jan. 14. M. M. degree. Your presence is requested. By order of the W. M.

MASONIC NOTICE

Ogden Hi Hoopsters
Clash With "U" Fresh
Players Thursday Eve

Basketball players of the Ogden high school will clash with the University of Utah hoopers in what gives promise of being a first class battle in the gymnasium of the school Thursday night. The University of Utah troth have a classy array of stars in harness and if the Tigers manage to defeat the invaders they will beat one of the best teams of that class in the state.

The game will be played at the high school and will start promptly at 7:30 o'clock. Officials for the game have not been named as yet. A dance will follow at which the visiting athletes will be entertained.

Webster Normal Hoop

Players Open League
Season With Mutes

Coach Malcolm Watson's Webster normal hoopers will open the 1920 season at the school Friday evening when they clash with the state school for the deaf and blind. This game will be the first league game of the year for the locals.

Last season the Webster players won the state title hands down and, with a classy array of stars again in harness, Coach Watson and the students are pulling for a victory over their opponents. Some fine games have been scheduled and a great revival in sports is expected during 1920. Basketball is expected to come back with ginger and pepper galore and, with the teams primed for action, the fans should see some first rate sport.

Candidates Must Accept

Challenges to Debate

PIERRE, S. D., Jan. 14.—Candidates for presidential nomination under the new primary law of South Dakota, must accept challenges to debate their policies with the opponents, but the debate itself may be conducted by proxy. This interpretation of the law was made today by state officials in connection with the challenge to debate recently sent to President Wilson by James O. Monroe of Chicago, both of whom are candidates for the Democratic nomination by virtue of the Richards primary law. President Wilson was endorsed for nomination by the proposal meeting of the state's Democrats. Monroe filed as a candidate for the nomination independent.

BUFOED LEAVES KIEL

KIEL, Tuesday Jan. 13.—The United States army transport Buford carrying 249 Russians departed from the United States, left Kiel for an unnamed Russian port at 7 o'clock this morning.

Mexico claims that she never seriously contemplated doing anything with the San Diego plan of invasion. Well, it took more intelligence to say that than to formulate the plan.

Daily Market Report
NEW YORK, Jan. 14.—With a few unimportant exceptions the entire list was under renewed selling pressure at the unsettled opening of today's stock market. Reactions within the first half hour ranged from 1 to 5 points in Crucible Steel and affiliated shares and equipments. Shipings, motors, oils, American Woolen and several of the more active miscellaneous issues were heavy to weak. United States Steel was the only recognized leader to display a degree of steadiness.

Lacking a more obvious or direct explanation, the weakness of the market was attributed in some quarters to overnight advices from abroad, notably reports of serious disturbances in Berlin. There was further apprehension regarding the money market, although yesterday's quotations for demand loans indicating relaxing tendencies. Selling continued in diminished volume throughout the morning with many supplementary losses, especially in motors, oils, steels and shipings. Partial rallies accompanied the eight per cent opening rate for call money at noon.

CHICAGO GRAIN

CHICAGO, Jan. 14.—Rallies took place in the corn market today from depression which showed itself at the outset. Initial weakness was ascribed to selling based on opinions that a general downward readjustment of values was impending. Declines, however, led to extensive profit-taking by shorts and brought about upturns. Opening prices, which ranged from 1 1/2 to 1 1/4, with May 1 1/4, to 1 1/2, and July 1 1/4, to 1 1/2, were followed by slumps back to yesterday's finish or above.

Oats were ruled by the fluctuations in corn. After opening unchanged to 1/2c lower, including May at 80c to 80 1/2c, the market scored a slight advance.

Higher quotations on hogs tended to steady the provision list. Estimates were current that the forthcoming report of the number of hogs in the country would show a reduction of 10 per cent as compared with a year ago.

Prospects of a big export business in oats and rye were effective later in assisting the corn market upgrade. Closing prices were nervous 1/2 to 1 1/2c higher, with May 1 1/4, to 1 1/2, and July 1 1/4, to 1 1/2.

J. P. Martin, district engineer at the forest service offices has received to

William Parsons to

Pay Penalty for Fraud

William Parsons will be sentenced Thursday, having been found guilty in Judge Pratt's court of having defrauded the Commercial National bank of approximately \$7,600 by representing himself as his brother, W. F. Parsons.

The testimony showed that Parsons, who is a returned soldier, drew \$100 from his brother's account at the Commercial National bank. He then went to Pocatello to investigate a rooming house which he claimed to be interested in. Returning to Ogden, he drew a cashier's check for \$7,600.

On two occasions Parsons took deputy sheriffs to Idaho where he said the money was cashed. The money was not recovered.
